Deep thoughts:

Golf, like measles, should be caught young, for, if postponed to riper years, the results may be serious... A lifetime of observing my fellow-creatures has convinced me that Nature intended us all to be golfers. In every human being the germ of golf is implanted at birth, and suppression causes it to grow and grow till — it may be at forty, fifty, sixty — it suddenly bursts its bonds and sweeps over the victim like a tidal wave. The wise man, who begins to play in childhood, is enabled to let the poison exude gradually from his system, with no harmful results. Sir P.G. Wodehouse, English author and humorist
